Dear Sir

I have in my possession a silver dollar
coined by the U.S. Mint in 1799. Can you inform me
whether coins of this description are rare? and if so what is
its probable value as a curiosity? Please give me if you
can the names of some prominent collectors of coins

I have no collection of coins and being at present somewhat
straightened in circumstances would like to realize on this one
if of any particular value. An early answer will much
oblige

Yours Respectfully
